March is full of international and national occasions celebrating the women; the International Women's Day, the Mother's day, as well as the Teacher's Day. All Jafra centers prepared different activities and events to show their thankfulness to those persons who are dedicated daily to the well-being of our children and students.

Even though March was still a cold this year in Lebanon, the Urban Rooftops had to be prepared for the planting season. Jafra provided more containers and soil to the participants and began a new campaign to teach new beneficiaries the basics to plant with success and sustainability. Rooftops also welcomed young fellows who could see and learn more about plants and the process of planting.
